Turk Invasion of Egypt Has
Failed, Report

By Associated Press

WASHINGTON, Feb. 9.—German reinforcements of the German army in East Prussia have been reported by the Russians. The Russians are believed to have a large force of reinforcements in East Prussia, and a great battle apparently is developing. The Russians are expected to make a campaign bearing on the entire eastern front.

The south, in the Carpathians, neither side has gained a definite victory. The Austro-Germans have made some progress in some places but also where there suffered reverses. Petrograd reports that in one place the Russians captured 2,500 prisoners.

The Germans have been successful at Arcione, in France, has been attacked with success. French military authorities admit that the German army has gained in their positions. Aside from this move, the Germans are not expected to have any under way in the west.

The Turkish invasion of Egypt, one of the most serious in the world, has caused the students of the war, seems to have come to a halt. The British army has been defeated near the Suez Canal. The British army has fallen back. After a brilliant official announcement declare they are full of treat.

Germans on Offensive Again

In East Prussia and Poland

PETROGRAD, Feb. 9.—(Via London Telegram.)—The German army has been on the offensive at the eastern battle front, in East Prussia and Poland. The German army is fighting in intensity, according to En-

fighting along the line from the Prut river to Warsaw. The front is still in the hands of the Russians. The fighting seems to be continuing. The Russian army apparently are taking the offensive from the Prut to the Austrian lakes as far south as the Carpathians.

A dispatch from Warsaw says a number of German women were among prisoners taken by the Russians at the junction of the Prut and the Vistula. The women, it was said, were found with their hands in the first line of the trenches.

Win Victory, Says Report.

LONDON, Feb. 3.—The fierce German attack on the Russian front has been repulsed by a standstill, according to reports from both Berlin and Petrograd. On each side the fighting has continued, but, so far, fierce engagements continue to be rare.

It is reported that the Russians have made progress on the Hungarian side of the western Carpathians. The Russian army is reported in the direction of Meseleboresz which is a strategic point. The Russians have considerable loss in guns and prisoners.

The Austro-German army in Italy has been repulsed in the mountains of the Utsok and Tessil pass. Balcanian front is quiet. The Russian mission of retirement before Austria in Bukovina, and the Austrian mission of retirement before the Russians in Kimpoling in the crown land, are still in progress. The Russian army is assuming a more desperate

The fighting in the west has been taking the usual monotonous course, with the German forces attacking the French trenches to an accompaniment of a heavy bombardment.

The full text of the German blockade proclamation, published in London, is as follows: "The Government of the Reich, in which the Lusitanian flag incidentally flies, has decided to use the powers of the Reich Government to defend the Lusitania's use of the Lusitanian flag."

Soissons BombarDED With Projectiles by German Artillery

PARIS, Jan. 26.—The progress of the war given out this afternoon by the French war office is as follows:

"In Belgium yesterday there were intermittent artillery exchanges, a number of which were of considerable importance. German artillery destroyed a farm, the ruins of which were visible from the front."

"On the road between Bethune and La Bassée we yesterday recuperated the trench we had successfully installing himself."

OPPORTUNITIES IN S. AMERICA, SAYS EXPERT

U. S. Trade Representative Will Discuss Conditions With Manufacturers

"If the merchants and manufacturers of Georgia could be roused to the wonderful possibilities of profits which lie just south of them, they would be amazed," declared Benjamin Joachim, special agent of the department of domestic and foreign commerce of the government, who is in Atlanta.

Mr. Joachim has spent eighteen years in trade in South and Central America and knows the people and their needs. He declares that American goods are as good as any on earth and will find a ready sale if rightly presented.

Germany, which controlled a very large per cent of the South American trade, is now unable to ship a single carload of goods to these countries. He said:

"A wonderful empire must be fed, clothed and equipped. They have scarce any factories themselves, and therefore must buy all their goods outside. England and France, the competitors of the Germans in the South American and Central American trade, are easily crippled. The opportunities for the live American manufacturer and merchant have come. Many of them are seizing it, claiming agencies and branch houses; others are sending their best salesmen there."

Georgia's possibilities are better than most, declared Mr. Joachim. Textiles, fruit goods and food from Georgia find a ready market in both South and Central America.

Great stress should be laid on the fact that these people value friendship. Mr. Joachim. They rate it above questions of price. The German realized this and when they entered the market did so in a most artful way, first gaining the confidence of the merchants. The rest was easy and the profits enormous.

"We must build our trade with South and Central America on a firm foundation," insisted Mr. Joachim. "Fly-by-night methods will gain nothing but loss. We must cultivate these people, their manners and customs. They live in tactfulness and art, rather than in bluster and bluff. These last won't do there."

Mr. Joachim has come to Atlanta from New York, where he has been for several years.

He was besieged by more than 500 manufacturers from all parts of the country for advice and pointers on the South and Central American trade.

He will be in room 51 of the Hotel Hamilton from 9 a. m. to 5 p. m. Tuesday, Wednesday and Thursday, to meet and answer any Georgia manufacturers or merchants.

GREEK HERALD NOW PUBLISHED IN ATLANTA

National Weekly, Moved Here From Chicago, May Soon Be Made Daily

Atlanta now has another large newspaper, the Greek Herald, a national weekly which has been moved here from Chicago and has established a plant at 12 South Broad street.

It is the only Greek newspaper in the south, and its inauguration has been hailed with enthusiasm, not only by members of the Atlanta Greek colony, but by all the Greeks in Dixie who whom there are over 40,000.

The Herald was formerly the *Prochoros* published daily in Athens, Greece. It was brought to America and published in New York as a daily for about a year, and later became a Chicago daily.

The Herald's editor and publisher, says he came north, liked conditions here and thought this would be a great field for a newspaper, as the Greek community is progressive and has long wanted a newspaper of its own, independent of northern and eastern publications.

The Herald has already begun publication here as a weekly and will be made a daily in the near future. It has a circulation throughout the southeastern states.

BURGARS WERE BUSY IN ATLANTA MONDAY

When Mrs. J. B. Hill entered her home at 402 Courtland street Monday evening at 6 o'clock, she found the house ransacked and \$12 in cash was all that was missing.

Mrs. A. O. Rhodes, 4122 Peachtree road, is thankful that her maid discovered a burglar in the house before the plunderer made away with anything Monday evening. When the intruder saw the maid he went out of the house onto the roof of a porch. Mrs. Rhodes sent her butler up with a shotgun, but the burglar jumped off the roof before the butler arrived.

Yeggen tried to blow the safe of Spiller-Deall company, 52 Trinity avenue, Monday night but failed, the charge breaking the combination lock but not cracking the iron doors. George Brothers shoe store, 218 Decatur, was burglarized Monday and four pairs of shoes stolen.

DR. FLOYD M'RAE WILL ADDRESS THE AD MEN

One of the most interesting addresses yet arranged by the Atlanta Ad Men's club will be that which Dr. Floyd M' Rae, the prominent Atlanta surgeon, will deliver to the ad men at the luncheon at the Winslow hotel Thursday afternoon at 1 o'clock. Dr. M' Rae's subject will be "Some Facts of Modern Surgery."

Julian V. Boehm, chairman of the club's entertainment committee, who arranged for Dr. M' Rae, announces that business men and others interested will be welcome to subscribe to the luncheon by submitting their applications to J. H. Atchison, of the Southern Bell Telephone company. Fifty cents is the charge for the luncheon.

Will Meet Monday

The executive committee of the Georgia Agricultural society will hold its annual meeting in Macon Wednesday at 10 o'clock in the morning, and a full attendance is desired. Members will be reimbursed for transportation expenses.

Judge Cobb, of America, will assume the presidency, succeeding John T. Williams, of Round Oak.

Moves Law Offices

Attorney R. J. Ward, who recently came to Atlanta from Elberton, announces he has removed his offices from the Silver building to 401 Hurt building, where he will be associated with the law firm of Green, Tilton & McKinney.

BILL AT THE FORSYTH AS SEEN BY JOURNAL CARTOONIST

When Al Herman stepped upon the Forsyth stage Monday night and announced that he would sing a little ballad entitled, "Give Me Half de Bed or I'll Tear the Sheets," he brought the house down, but that was only the beginning. The audience was his from the start and he kept it in a roar of laughter. Herman is billed as a "black face comedian," and he is exactly what the bill says. He is as funny as Honey Boy Evans but has a style of his own. He can—well Lucien York was there to see him and that is guarantee aplenty of what Herman can do. "The Meanest Man in the World," a little sketch put by Allan, put Herman and Marie Louise Dyer, gave the regulars a change from the usual line of vaudeville sketches, and the plot is serious enough to demand the interest of the audience, but nothing heavy, while the lines sparkle with wit.

Bessie Wynn, a favorite among the vaudeville fans, is back and the first-nighters gave her quite a welcome. Miss Wynn is pretty, slim and is graceful; her gown is a feast for the eyes of the ladies. She sang the much-loved ballad from "Madame Butterfly," and indeed made a most charming Cio-Cio-San. Johnny O'Connor, with his sidekick,

Tudor Cameron, made quite a hit with "Hired and Fired." O'Connor has a most humorous face and for slap-stick comedy this pair has it a bit over many vaudeville teams which go in for that class of performance.

The bill closes with Les August company's "A Jolly Supper at Maxine's," a juggling pantomime. This is one juggling act that can hold a crowd until the pictures begin.

Sutton, McIntyre and Sutton presented "The Pumpkin Girl." This troupe is a clever bunch of tumblers, and Miss Sutton is one of the best contortionists in the game. Prince Lia Mon Kim, the Chinese stomp, sang a duet, and the "Liar" put the comedians under his share to the evening's program.

The audience, which greeted the Baldwin-Melville players at the Atlanta Monday afternoon and night, gave promise that this organization will break the "hood-doo" which has seemed to hang over stock companies in Atlanta for several years. The house was completely filled at both performances, and there is an excellent advance sale for this week.

"The Rosary," a favorite among

lovers of the sentimental drama, was chosen for this week's bill, and was handled in a thoroughly pleasing manner. The audience found plenty of occasion for applause, and the players were given flattering outbursts at the close of the more intense scenes. William A. Sullivan, as Bruce Wilton; Lela May, in the dual role of the twin sisters, and Margaret Chaffee, as Kathleen, were given the best opportunities, and they made the most of them.

"The Rosary" will be presented through Thursday night, Margaret Anglin coming for Friday and Saturday.

Seats are now selling at the Atlanta for the engagement of Margaret Anglin in the famous Oscar Wilde play, "Lady Windermere's Fan," which will be the offering Friday and Saturday with a Saturday matinee. Miss Anglin is bringing the finest production of this famous play ever seen in Atlanta. No detail of even the most minor importance is overlooked. She is surrounded by the same company which played with her in New York last summer. "Lady Windermere's Fan" stands out as the best stage work ever done by the famous author and it is just as interesting today as when first produced.

PACKING CONCERNS FOUND GUILTY IN MISSOURI COURT

Five Which Violated Anti-Trust Law Must Pay Fine or Get Out

(By Associated Press.)
JEFFERSON CITY, Mo., Feb. 9.—Armour & Co., Swift & Co. and the St. Louis Dressing Beef and Provision company, the Hammond Packing company and Morris & Co. were found guilty of violating the state anti-trust law by the Missouri supreme court today.

An order of ouster was issued, but the companies are allowed to remain in the state on payment of fines. Each company was fined \$25,000. To stay in the state the companies must pay the fines by March 11.

Lord Beresford Wants To Execute German Raiders as Pirates

(By Associated Press.)
LONDON, Feb. 9.—Lord Chamber Beresford tomorrow will ask Premier Asquith in the house of commons to treat German raiders on undefended places as pirates, and after a trial by court-martial hang them for murder of women and children. This applies to raids from the air as well as by sea.

Store Burglarized
LINDALE, Ga., Feb. 9.—The store of Lindale Brothers company was robbed of more than \$1,000 worth of jewelry last night. The burglars are thought to have been locked in the store. They are being sought by a posse of citizens.

"Chief trust" was filed by Governor Major when he was attorney general. Daniel Dillon, appointed commissioner to take testimony, reported to the supreme court that the companies had violated the law. The case was argued in the court more than a year ago.

BATTLESHIP PENNSYLVANIA WILL BE LAUNCHED MAR. 16

New Ship Is Largest Ever Constructed in This Country

(By Associated Press.)
NEWPORT NEWS, Va., Feb. 9.—The battleship Pennsylvania, which is now under construction at the plant of the Newport News Shipbuilding and Dry Dock company, will be launched today, March 16, at 10 a. m., according to announcement made at the local office of the company this morning. Announcement also was made that Miss Elizabeth Daniels of Georgetown, Pa., has been selected by Secretary of the Navy Joseph Daniels to christen the new ship. Mr. Daniels, as well as other officials of the army and navy, have announced their intention of attending the launching and the occasion will be made an eventful one. Because she is the largest warship ever constructed in this country, being of 21,000 tons displacement, 400 tons larger than the battleships Texas and New York, the launching of the Pennsylvania will be watched with keen interest in naval and ship-building circles.

SUFFRAGE RESOLUTION PASSED IN PA. HOUSE

PART OF J. P. MORGAN ART TREASURES TO BE SOLD

N. Y. Firm Pays \$3,900,000 for Collection of Porcelains

(By Associated Press.)
NEW YORK, Feb. 9.—The Morgan porcelains, the world's greatest collection of ceramics, will be disposed of piecemeal or in small groups, according to the firm of art dealers which has just purchased the collection for \$3,900,000. Such a disposition of these art treasures will make the Altman collection, recently given outright to the city by will, the most important one extant.

The Morgan collection was started forty years ago by the late James A. Morgan, who was an expert in the selecting of only the best and most important works of the different periods. J. Pierpont Morgan acquired the Garland collection in 1858 and made important additions thereto until it contained 1,400 specimens. The ceramics, ever since they were acquired, by J. Pierpont Morgan, have been on exhibition at the Metropolitan Museum of Arts in this city.

No announcement has as yet been made regarding the paintings and other art treasures left by J. Pierpont Morgan. In his will he left it to the discretion of his son, John P. Morgan, whether all or any should be sold.

AUTO OWNERS MUST GET NEW LICENSES BY MAR.

Many Have Failed to Take Out
License and Prosecutions
Likely

February 23 is the last day when automobile and motorcycle owners are permitted by law to use their 1914 license numbers. The law requires that on March 1 each motor-propelled vehicle shall display a license number for the current year.

The prospects are that many thousands of owners will face prosecution in the courts for their delinquency. According to the secretary of State Cook, only about 4,500 of the 25,000 owners have taken out new licenses. This leaves more than 20,000 just fifteen days in which to register and get new numbers.

Those who fail to have new numbers on their machines by March 1 are subject to arrest and trial for misdemeanor, the maximum penalty for which is twelve months on the chain gang or a \$100 fine, or both in the discretion of the trial judge. County commissioners are required to see to it that the automobile bills in their counties register and take out new licenses, and before a cent can be shared in the distribution of the automobile fund the commissioners of that county must certify that at least 90 per cent of the automobiles and motorcycles have been registered.

RUSSIAN DUMA ARGUES GREATER POPULAR RIGHTS

New Spirit in Russia Manifested at First Meeting Since War Was Approved

(By Associated Press.)

PETROGRAD, Feb. 9. (Via London.)—The duma today began its first session since August 5, when it approved the war with Germany. It is not unlikely that the session will be marked by important events in Russian political history, owing to the changed relations between the people and the government in consequence of the war. The session provides the first real manifestation of the effect of these changes, the extent of which has been indicated by recent appointments to public office as well as by the utterances of the emperor and Russian statesmen.

The new spirit of the duma was reflected at once in the formation of a committee for greater popular rights and for abolition of political and religious disabilities. Today's meeting was given over to a heated discussion of these problems, and of the yearly budget. All of the members were re-elected.

Members from German families who formerly belonged to the Octoberists—the party which occupied a position between the conservatives and the liberals—have been denied the privilege of arguing themselves with that or any other faction.

NEW OFFICE BUILDING IS PROPOSED FOR ROME

(Special Dispatch to The Journal.)

ROME, Ga., Feb. 9.—Barry Wright, architect of a building at the corner of Broad street and Fourth avenue, has given an option on the site to a firm of architects and builders who make a specialty of erecting office buildings in cities of the south. It is the intention of the firm to erect a nine-story office building upon this site, which is in the center of the business district, provided tenants for a certain portion of the space can be secured before the work commences. It is believed that there will be no difficulty in filling the required space, and that the building will be erected during the summer.

STORY OF WHOLESALE MURDER IS INVESTIGATED

(By Associated Press.)

TOKYER, N. Y., Feb. 9.—Investigation into the story of Frederick Morse, the killed eight inmates of the German Odd Fellows' home where he was employed as nurse, centered today in efforts to obtain sufficient corroboration to warrant exhuming the bodies of the three Morse said to be poisoned. The other five were put to death with an anesthetic, according to his story, and exhumation of their bodies would be of no value.

The question of Morse's sanity is being investigated by Dr. Gregory at Bellevue hospital. It was said authorities might receive a report today.

HUBBY SAYS WIFE HIT HIM WITH A BROOMSTICK

James B. Hamby brought suit for divorce today morning against Mrs. K. Hamby, alleging she hit him with a broom handle one day when he was weak and ill, and that she caused him to be treated in hospital. In July, 1911, he became too ill to work, and she treated him very nicely as he was as he worked and gave her sufficient money. Attorney J. C. Murphy filed the suit.

Pete Padgett Cleared
BRUNSWICK, Ga., Feb. 9.—Pete Padgett, of Haxley, was acquitted last night by a jury of the charge of murdering Frank Wynne, of Jessup. The jury returned a verdict of acquittal after deliberating the case since Saturday afternoon. Wynne fell or was pushed from a passenger train last July, resulting in fatal injuries.

A False Standard of Culture

has gained ground in this century which looks upon the bearing and rearing of children as something coarse and vulgar and to be avoided, but the advent of Eugenics means much for the method of the race. Happy is the wife who, though weak and ailing, depends upon a little of the pinkness of her vegetable compound to restore her to health, and when headaches and backaches are a thing of the past brave sons and fair daughters rise up and call her blessed. (Advt.)

NOTED BEAUTY makes her own fashion. Mrs. Leonard Thomas, to whom Helen and other artists have given the palm of American beauty, makes her own fashion laws for herself. At the opera, recently Mrs. Thomas wore a charming blue gown made with classic simplicity, and with it she wore a Grecian girl, die made of dark-red roses woven into a soft and fragrant fabric.

Between 800 and 900 men have been cared for by the Christian Helpers' league, 105 1-2 Decatur street, during the past year, according to report just made public, and the league asks the public to co-operate with it in continuing its labors.

The present capacity of the league's enables it to care for forty-six men each night and feed 100, but even at this, it is crowded, and there are many turned away each evening for lack of room. Many of the men are given jobs and started again in life.

All classes come to the league for help, the sick, the hungry, the desperate, and in no case are they turned absolutely away. However, the demands on the league are increasing every day, and help from the public will be more than welcome.

Preaching is held every Sunday afternoon in the hall, and services are conducted each night. The institution is in the hands of a company of Christian laymen, with a salary list of \$16 a month.

AGRICULTURAL RALLY TO BE HELD IN TIFTON

Many Atlantians Will Leave
Tuesday Night to Attend
Meeting Wednesday

Several prominent Atlantians and others interested in agricultural development will leave Tuesday night for Tifton, where the first of a series of agricultural rallies under the auspices of the Federation of Women's clubs will be held Wednesday.

Those who will be in the party are Mrs. Nellie Peter Black, Mrs. J. M. Amason, J. D. Price, commissioner of agriculture and chairman of the meeting; Dr. Lee Worsman, state entomologist; Dr. A. M. Soule, president of the State Agricultural college of Athens; Prof. R. J. H. DeLoach, director of the experiment station at Experiment; Dr. Arthur G. Fort, in charge of field sanitation work under the state board of health; M. L. Brittain, state superintendent of schools; and T. E. Fiallus, agricultural representative of the Southern railway.

The second rally will be held at Valdosta Thursday and the third at Milledgeville Friday. Twelve rallies in all will be held—one in each congressional district.

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your drugstore and get a 50 cent bottle of DeLoach's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start you in five minutes, you can use up better and quicker than nasty calomel and without making you sick.

If you take calomel today you'll be sick and nauseated tomorrow besides, it may salivate you, while if you take DeLoach's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and it's free to give to children; they like it—(Advt.)

MOTHER-IN-LAW IS BLAMED FOR TROUBLE

"Too much mother-in-law," said J. L. Burnett, Jr., to reporters in explaining a difficulty with his wife, Sunday, which led to his arrest on a peace warrant.

Burnett is twenty-five years old works for an electrical concern, and lives at 156 Chappelle street. His wife, Alice C. Burnett, swore out the peace warrant Monday afternoon, and he was arrested in a short while and spent the night in jail. His hearing will be held before Judge E. D. Thomas in municipal court Tuesday afternoon.

"It won't be necessary for Judge Thomas to put me under bond to keep the peace," said Burnett, "because hereafter I'm going to leave my wife and my mother-in-law severely alone. In fact, they won't see me any more. I've had enough of them."

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't Stay Gray! It Darkens
So Naturally that Nobody can Tell

You can turn gray, faded hair beautiful, lustrous and young-looking overnight if you'll get a 50 cent bottle of "Wyneth's Hair Dressing." Millions of bottles of this old famous Sage Tea Recipe are sold annually, says a well-known drug store, because it darkens the hair so naturally and evenly that no one can tell it has been treated.

Those whose hair is turning gray, becoming faded, dry, scratchy and thin, have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyneth's Sage and Sulphur tincture and you'll be delighted with your dark, handsome hair, and your youthful appearance within a few days—(Advt.)

AID FOR HELPERS' LEAGUE IS ASKED OF THE PUBLIC

Institution Is Doing Splendid
Work but More Assistance
Is Urged

Between 800 and 900 men have been cared for by the Christian Helpers' league, 105 1-2 Decatur street, during the past year, according to report just made public, and the league asks the public to co-operate with it in continuing its labors.

The present capacity of the league's enables it to care for forty-six men each night and feed 100, but even at this, it is crowded, and there are many turned away each evening for lack of room. Many of the men are given jobs and started again in life.

All classes come to the league for help, the sick, the hungry, the desperate, and in no case are they turned absolutely away. However, the demands on the league are increasing every day, and help from the public will be more than welcome.

Preaching is held every Sunday afternoon in the hall, and services are conducted each night. The institution is in the hands of a company of Christian laymen, with a salary list of \$16 a month.

Dr. Osler on Tuberculosis

Sir William Osler, one of the foremost of modern physicians, and now Regius Professor of Medicine at the University of London, writes in the "Lancet" (1902), on page 249:

"The first touch of tuberculosis is shown clinically by the recovery of patients in the winter months, when the disease has been found. In the granulation process, the small arteries are closed, and the tissue is starved, and the conditions are such that the tissue is unable to repair itself."

Many eminent medical authorities have testified to the efficacy of lime salts in the treatment of tuberculosis, and the results of the following are illustrative in this and allied throat and bronchial affections may be due partly to the fact that it contains lime and sea salts, and partly to the fact that it contains other valuable ingredients as well as being easily assimilated.

The first touch of this remedy is so numerous cases of tuberculosis—many of which appear to have yielded completely to it—justifies our belief that it is worth a trial, unless some other treatment already is succeeding. It contains no opiate, no cocaine, no other drugs, and it makes no promises concerning it, save that it contains the lime and sea salts, and other valuable ingredients as well as being easily assimilated.

MANY PEOPLE HAVE CLOSE CALL IN NORTH SIDE FIRES

Occupants of Bell Apartments and Boarding House Driven From Rooms

Three lives were endangered by a fire which broke out early Tuesday morning, destroying the Ponce de Leon pharmacy at North Boulevard and Ponce de Leon avenue, the other range of a boarding house at 167 Piedmont avenue. The fire occurred within thirty minutes of each other, and the joint damage is estimated at over \$10,000. In the boarding house fire several people had narrow escapes from the flames.

At 2 o'clock Tuesday morning an alarm was sent in from the box at Boulevard and Ponce de Leon. Engines arrived there to find the drug store on the corner wrapped in flames. It faces on Ponce de Leon avenue, with one side on the Boulevard. Immediately back of the store, facing Boulevard, are the Bell apartments, a fashionable, three-story brick apartment house.

FLUE FROM APARTMENT.
Residents of the apartment house, awakened at the first alarm, fled into the cold and wind-swept street, many of them scantily clad and carrying what clothing and furniture they remembered to save in their haste. Several trunks were carried out, and inmates of the first floor had almost stripped their rooms before the flames were placed under control and it was made certain they would not spread from the pharmacy to the apartment.

The pharmacy, owned by Dr. M. A. Mason, was equally wrecked, the interior burned out and water-damaged. The loss is estimated at about \$5,000. Thirty minutes after the pharmacy fire, another alarm was turned in from the home of J. W. Deane, where takes boarders.

There were twelve people in the house, most of whom were sleeping upstairs when the fire broke out. These found themselves cut off from the street by a wall of flame.

ESCAPE ON LADDERS.
Ladders were placed from the ground to the upper windows, and while a hoarse stream was played on the burning building, firemen climbed up and brought several people down the ladders. Two women and a man were saved in this way, and it was thought that everyone had left the house.

Then, examining the rear of the house, all Officer Sam Long saw a face at an upper window. It was Carl Stoy, a young man who had found himself trapped by the flames. His door opened immediately onto the worst part of the fire, and he was unable to open the wire screen of his window, which was nailed shut.

Officer Long seized a ladder, placed it to the window, and with an axe, cut through the screen. Then he placed Stoy on his shoulders and carried him to safety.

DEMANDS \$1,000 REWARD FOR LEO FRANK'S ARREST
Robert Barrett, Florist, Files Suit in Superior Court Against Atlanta

Alleging that the arrest and conviction of Leo M. Frank, the result of the disclosures in the National Pencil factory made by him, Robert Barrett, a resident of 145 West North avenue, filed suit against the city of Atlanta in the superior court Tuesday for a reward of \$1,000 offered by the mayor and council April 26, 1915, for "information leading to the arrest of the person or persons guilty of the murder of Miss Mary Phyllis Barrett, who is represented by Attorney Lawton Nally, alleges in his petition that he discovered the strand of hair on the lathe and the blood spots on the second floor of the pencil factory, and next to the office of Leo Frank. From these disclosures his petition arose, and his arrest and conviction followed.

The claim for the reward has already been presented to the city and has been reported "adversely." Under a city ordinance, such a claim must first be presented to the city before suit is filed in court.

BUILDING SITE OFFERED AUTO CLUB AT STONE MT.

Plans Include Clubhouse, Tennis Court, Golf Links and Beautiful Lake

Samuel H. Venable, owner of Stone Mountain, has offered to the Atlanta Automobile and Accessory association a free lease of from five to twenty acres on a fifty-acre tract of land at the foot of the mountain, provided the association establishes an automobile club there and lends its efforts to have the proposed Washington-to-Atlanta highway and the Indianapolis-to-Jacksonville highway go by Stone Mountain.

It was pointed out by President George Hanson that the association had no money with which to erect a clubhouse, and at the suggestion of Mr. Venable a committee, headed by John H. Smith, was appointed to meet a committee representing the town of Stone Mountain and work out the details of the matter. It is proposed that the association have a lake and golf links.

The association voted to cooperate with the Hooper Motor Club of Indianapolis, in getting the proposed highway through to the foot of the mountain, and that the highway be brought by Atlanta. The following committee was named to represent the association at the governors' good roads meeting in Chattanooga in April: John H. Smith, Dan Walraven, W. D. McCutcheon, Wyle West and Stuart Abbott.

New officers for the association were elected Monday evening as follows: R. N. Reed, president of the committee; John H. Smith, second vice president; Eugene H. Kellery, secretary and treasurer.

The meeting which was held at Peachtree street, was a most enjoyable one. R. N. Reed, president of the committee, entertained the members present with an oyster supper. Oysters were served in all the known ways and other refreshments were enjoyed.

SURGICAL MAGNETS.
Paris, Feb. 9.—In the hospitals of France magnets have been developed that will draw fragments of shrapnel up to the surface from a depth in the flesh of even six inches, and steel-jacketed bullets have been drawn out from a depth of more than two inches.

At the Invalids' Hotel in Buffalo, N. Y., are many of the wonderful electric machines, high frequency currents, X-ray, violet rays. Then Dr. Pierce has equipped the sanitarium with every known device to aid the patient and the surgical department every instrument and appliance approved by the modern operator. The permanent cure of rupture is accomplished here without pain with local anaesthesia. Stone in the bladder and Gravel are removed in many cases without pain and the patient can return home cured in a few days.

Dr. R. V. Pierce, nearly half a century ago, devised and used two prescriptions which were almost unfailing. They were made without alcohol or narcotics, extracted from roots and herbs by using pure glycerine and the ingredients are made public.

Dr. Pierce's Golden Medical Discovery is a tonic and blood purifier, cures pimples, blotches, sores, humors, eruptions and diseases of the skin. Nothing stands as high today in the estimation of thousands of women as Dr. Pierce's Favorite Prescription; this is a soothing nerve tonic which cures the most painful menstrual disorders and painful disorders of women. For girls about to enter womanhood, women about to become mothers, and for the changing days of middle age Dr. Pierce's Favorite Prescription should always be on hand. In liquid or tablets. Write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for free 128-page book on women's diseases. Every woman should have one. RECIPE TO STOP DANDRUFF

This Home Made Mixture Stops Dandruff and Falling Hair and Aids Its Growth.

To a half pint of water add:
 One-half cup of Boiled Compound
 One-half cup of small hot
 There are all simple ingredients and can be made at home. It stops the scalp once a day for two weeks then once every other week until the dandruff is gone. It stops the hair from falling out, relieves itching and scalp diseases. Although it is not a dye, it acts upon the hair roots and will darken streaked, faded, gray hair in ten or fifteen days. It promotes the growth of the hair and makes harsh hair soft and glossy. (Adv.)

DARKEN GRAY HAIR. LOOK YOUNG
 Gray Hair Darkened So Evenly Nobody Will Know! No Dye. Acts on Hair Roots.

You can turn gray, faded, streaked with gray hair beautifully dark and lustrous almost overnight if you'll apply a few times, Ophelia's Hair Color Restorer to hair and scalp like a shampoo. O-Phelia's Hair Color Restorer is harmless, sticky, delightful to use and darkens the hair so naturally and evenly that no one can tell it has been applied. O-Phelia's acts on the roots, makes the hair healthy and produces that soft, dark luster and abundance to the hair which makes the hair so fascinating and attractive. Besides, it prevents dandruff, itching scalp and falling hair and promotes the growth. This is the age of youth. Don't stay gray and look old. Try O-Phelia and you'll be delighted with your beautiful, soft, fluffy, dark hair and lots of it and youthful appearance. Money back if not satisfied. O-Phelia's Hair Color Restorer, a big 7-oz. bottle at E. B. mondane's Drug Stores, 11 N. Broad St. or 108 N. Pryor St., Atlanta, Ga. Out-of-town people supplied by mail—(Adv.)

**Cocoanut Oil Makes
A Splendid Shampoo**

If you want to keep your hair in good condition; to less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful to the scalp. Plain coconut oil, which is pure and entirely greaseless, is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of suds. The hair will become soft, the hair and scalp thoroughly. The coconut oil will remove all the dirt, every particle of dust, dirt, dandruff and all the impurities from the scalp quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get purified cocoanut oil at almost any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months. —(Adv.)
